We opened our **6th** residential site in October, adding **5** new Core Members to our family!

SHARPENING OUR SKILLS

FA Core Members had an average success rate of

85%

when working on their individualized goals!

Staff Satisfaction Survey

RESULTS

100% of staff say Friendship Ark lives up to its mission

100% of staff say Friendship Ark is an ethical company

#COVIDCANTSTOPGOOD

Friendship Ark's
mitigation strategies

NO!

Core Member
COVID-19 Cases

Social for a Cause: We partnered with Cultivating Hope Farms, Raspberry Hill Bed & Breakfast, as well as other local small businesses to raise awareness and funds.

With the help of donations, our Core Members were able to try new socially distant outdoor activities!

When our Day Hab program shut down, we became creative. Each week our residential sites were given materials and guides to many different activities and events!

We supported our healthcare heroes at Mary Greeley with 'pocket hugs' and other thank you cards.

We created a milk jug igloo with milk jugs from several groups across Ames. Also, with the help of the Rotary Club of Ames and Altrusa, our Advocacy and Accessibility Task Force sponsored an adult changing table which was installed at the Ames Public Library.
